Gender Support Plan**

The purpose of this document is to create shared understandings of how the student’s authentic gender will be accounted for and supported at school. School staff, caregivers (if appropriate) and the student should work together to develop the document. Ideally, each will spend time completing the sections and then come together to review them and confirm shared agreements. Use the action planning section at the end of the document to track items requiring any follow-up. Please note that there is a separate document to plan for a student formally communicating a change in their gender status at school.
